A New Idea!

Oliver Fox skipped into Sunny Forest. The sun shone bright. He found some big branches. "I will build a super fort!" he thought. Oliver was very creative. He picked up a small branch. It was easy to move. He started to plan his fort. He knew it would be the best.

Too Heavy!

Soon, Oliver found a very big branch. It was perfect for the roof! He pushed and pulled very hard with all his might. But the branch would not move. It was too heavy for one fox. Oliver tried again. Still, the branch stayed put. He thought, "This is a big challenge!" Oliver did not give up.

A Friendly Helper

Just then, Squeaky Squirrel ran by. Squeaky had a fluffy tail and bright brown eyes. He saw Oliver trying hard. "Hello, Oliver!" said Squeaky. "What are you building?" Oliver smiled at his friend. "A fort!" he said. "But this big branch is very heavy." Squeaky looked at the branch.

Teamwork Time!

"Let's solve it together!" said Oliver. "Can you push that end?" Squeaky nodded. "Yes, I can help!" Oliver pulled his end. Squeaky pushed his end. One, two, three, UP! The big branch lifted. They carefully moved it to the fort. Oliver and Squeaky cheered.

Our Special Fort

With Squeaky's help, the fort was soon finished. It was strong and cosy inside. Oliver and Squeaky sat together. "Thank you, Squeaky!" said Oliver. "Teamwork makes big jobs easy." Squeaky giggled. "Yes, friends help friends." They felt happy and proud. They built something great together.
