Luna Owl's Cloud Questions

Luna Owl's Cloud Questions

Little Stories. Big Lessons.

Luna Sees the Clouds

Luna Owl flew high above Sunny Forest. Her soft lavender-grey wings moved gently. She saw big white clouds in the sky. "What are those clouds doing today?" she thought. "Every question opens a new adventure!" she said softly.

Clouds Change Shape

The clouds moved very slowly. Some looked like big fluffy sheep. Some looked like small, soft feathers. Luna saw one change into a friendly smile. "Why do clouds change their shapes?" Luna wanted to know.

A Book for Answers

Luna remembered a special book. It was at the Old Oak Library. "Perhaps a book knows about clouds!" she chirped. She flapped her wings a little faster. She flew towards her favorite place to learn.

Secrets of the Sky

At the library, Luna found a colourful book. It was called "Sky Secrets." She opened it with her beak. The book said: "Clouds are tiny water drops! Wind makes them move and change." Luna understood!
